Summary

Motivated and quick-learning Full Stack Web Developer seeking an opportunity to utilize my skills in HTML, CSS, Bootstrap, JavaScript, React.js, and Node.js to develop responsive web applications, contribute to project success, and grow professionally while supporting the organization's objectives.

Education

Matriculation (SSC) Private School, Sindh Board	Completed: 2025 Marks: 85%
Intermediate (HSC) Part I Private College, Ziauddin Board	Enrolled: 2025 – Present
Deeni Education Hafiz-e Quran Enrolled in Dars-e-Nizami	

Experience

Qur'anic Academy – Web Application

- Developed responsive frontend using HTML, CSS, Bootstrap, and JavaScript for an online Qur'anic Academy.
- Designed user-friendly interface, navigation, and course display pages.
- Backend and additional features will be implemented in the next phase.
- **Project Link:** <https://quranonlineacademy.netlify.app>

Bio CWT – Web Design Project

- Developed responsive frontend for a Bio CWT website as part of an assignment.
- Built using HTML, CSS, Bootstrap, and JavaScript, focusing on user-friendly interface and gallery display.
- Backend features were not included (frontend-only project).
- **project link:**
